Area C and the Future of the Palestinian Economy (Paperback)

By Orhan Niksic, World Bank, Massimiliano Cali

World Bank Publications, United States, 2014. Paperback. Book Condition: New. 254 x 178 mm. Language: English . Brand New Book. This is the first report to systematically evaluate and quantify the economic potential of Area C, which constitutes approximately 61 percent of the West Bank. The report reveals that lifting the restrictions on economic activity in Area C could have a large positive impact on Palestinian GDP, public finances, and employment prospects. Among other things, access to economic activity in Area C is expected to be a key prerequisite for building a sustainable Palestinian economy. However, full potential of the Area C could be materialized only if other restrictions on free movement of goods, labor and capital are removed and the overall business environment in Palestinian territories has become more attractive. The economic significance of Area C lies in that it is the only contiguous territory in the West Bank, which renders it indispensable to connective infrastructure development across the West Bank, and a relative abundance of natural resources situated therein. Area C offers large potential for the development of several sectors of the Palestinian economy: agriculture, stone and mineral processing, cosmetics, construction, tourism, and telecommunications. The report shows that...
