Random House USA Inc, United States, 2000. Paperback. Book Condition: New. Reprint. 203 x 130 mm. Language: English . Brand New Book. This prodigiously rich collection suggests that Raymond Carver was not only America's finest writer of short fiction, but also one of its most large-hearted and affecting poets. Like Carver's stories, the more than 300 poems in All of Us are marked by a keen attention to the physical world; an uncanny ability to compress vast feeling into discreet moments; a voice of conversational intimacy, and an unstinting sympathy. This complete edition brings together all the poems of Carver's five previous books, from Fires to the posthumously published No Heroics, Please. It also contains bibliographical and textual notes on individual poems; a chronology of Carver's life and work; and a moving introduction by Carver's widow, the poet Tess Gallagher.
