

New Word-Analysis, or School Etymology of English Derivative Words: With Practical Exercises in Spelling, Analyzing, Defining, Synonyms and the Use of Words (Classic Reprint) (Paperback)

Filesize: 7.97 MB

Reviews

Excellent electronic book and helpful one. Better then never, though i am quite late in start reading this one. You wont truly feel monotony at whenever you want of your time (that's what catalogues are for relating to when you question me).

(Mabelle Dach III)

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.William Swinton s New Word Analysis, or School Etymology of English Derivative Words - With Practical Exercises is intended to be a resource guide and textbook for English language teachers and students. The focus of New Word Analysis is the deconstruction and etymology of selected words, with a focus on the Latin and Greek suffixes and prefixes. The book opens with an introduction to the English vocabulary, including an overview of the parts of speech and the etymological classes of words. Part two of the book is devoted to Latin influenced words, focusing specifically on Latin suffixes and prefixes, as well as a guide to the study of Latin derivatives. From Latin the book transitions to Greek, offering the same overview as the Latin section but now focused on words of Greek origin. Anglo-Saxon words are examined in detail in another section, and the book concludes with a section on miscellaneous derivatives. The book is intended as both a teaching guide and a textbook for students. Study exercises are presented throughout the book for students to apply the knowledge they have learned in previous lessons. Swinton has certainly provided the reader with a great deal of information in New Word Analysis. Rarely today is the English language taught in such a way as to break down various words and analyze their origin, and this is undoubtedly a valuable exercise. New Word Analysis, or School Etymology of English Derivative Words - With Practical Exercises is an informative and useful book. Containing a style rarely found today, a true wordsmith will enjoy Swinton s book and the deep analysis of the English language contained within. About the Publisher Forgotten...
