

El Cuerpo Expuesto (Paperback)

By Rosa Beltran

ALFAGUARA, Mexico, 2014. Paperback. Book Condition: New. 239 x 152 mm. Language: Spanish . Brand New Book. The fascinating life of naturalist Charles Darwin and the peculiar path taken by one of our contemporaries, self-styled as The last Darwinian, intertwine in a work that contradicts accepted truths: the instinct to protect our young, filial love, and the social use and moral validity of what we refer to as doing good. So, Darwin's vicissitudes, his voyage on the famous Beagle, the publication of the Origin of Species and its consequences run parallel to the complications faced by our Last Darwinian: massive complaints, strong accusations and persecution.
