Createspace, United States, 2012. Paperback. Book Condition: New. 200 x 128 mm. Language: English . Brand New Book ***** Print on Demand *****.This expanded Second Edition contains three new stories in addition to the original short stories that appeared in the first edition published in August of 2011. What really caused the catastrophic failure after the first full-scale test of the Large Hadron Collider? Motivated, ingenious terrorists are about to try their own field experiment to replicate the classified results of the test on a large scale using two suitcase nukes and a modified jetliner in an attack that, if successful, will eradicate all life on earth, destroy our corner of the universe and, in time, give birth to a new addition to the multiverse. If we could communicate with the other sentient, intelligent species with whom we share our planet, what vital lessons might we learn from them and they from us? In a not too distant future in which all human beings on earth are connected and integrated into a single neural net, what price might be exacted for one wishing to opt out? What price would you pay to revisit a crossroad in your life when you had made a terrible, life altering mistake? Would you give up an unfulfilled life for the chance of virtual happiness in an alternate reality? Would you sacrifice everything if you could attain absolute knowledge? If so, could you live with the knowledge you attained? It is said that no man is an island, but what if even the least among us is a god in his/her own right? If an alien visitor offered you a lifetime of health and the gift of telepathy for a small service, would you be quick to accept? If we purportedly use only a small...
