New Earth Labs (Education and Outreach). Paperback. Book Condition: New. Paperback. 408 pages. Dimensions: 9.0in. x 6.0in. x 1.1in. The author distills what he has learned from over a quarter of a century of experience with tutoring and mentoring students in math. Parents often ask what they can do to help their children with math without having to relearn all the material again. The author shows parents how they can help their children improve their performance in math (from 1st grade all the way up to 12th grade) in a multitude of different ways, including mastering critical exam preparation techniques. Emphasis is placed on building intuition as a pivotal foundational factor for success in math that also has lifelong benefits. The author also covers how to get affordable tutoring help, and how to best leverage a limited tutoring budget. It is hoped that with this book, without having to relearn all the math, parents will be empowered enough to make a significant difference to their childrens success in math. The material is relevant for students of math in all countries (and the website associated with the book has a conversion table for those who are not living in the United States). See Google Books for a preview. Abridged table of contents (408pp): Preface 1. Foundations What This Book Is For - How to Use This Book -The Dreaded Why Do I Need to Know This 2.
