Morgan is left out of the loop when everyone at school begins bringing their M8Y Game Wizards to school, linking up online with one another and playing at recess and lunch. Charlie lets Morgan use his M8Y every now and then, but clearly you ?re not cool unless you have one. Poor Morgan is reduced to playing with Aldeen for something to do. Finally his parents relent, but Morgan learns that sometimes gaming is more trouble than it s worth. When Aldeen joins the gaming crew with her own player he faces tough decisions. Should he pull the plug about Aldeen s fake M8Y Game Wizard, or game on and leave her behind? Morgan, the most popular of all the characters featured in the First Novels collection, is at his loveable best in this topical, humorous, true-to-life story.
