Physical Education Unit Plans for Grades 5 6 2nd

By Bette J. Logsdon; Luann M. Alleman; Sue Ann Straits; David E. Belka; Dawn Clark

Human Kinetics, 1997. Book Condition: New. Brand New, Unread Copy in Perfect Condition. A+ Customer Service! Summary: Spend less time planning and more time personalizing lessons with these practical guides. Previously compiled in a two-book set titled Physical Education Teaching Units for Program Development, these highly acclaimed unit plans provide a detailed scope and sequence for an early childhood movement program and an elementary physical education program. The 135 units in these four books integrate movement concepts and skills into games, gymnastics, and dance experiences that children really enjoy. They contain clear objectives, sample assessments, and fitness activities that reflect the National Standards for Physical Education and the National Standards for Arts Education (Dance). New and experienced teachers alike can adopt the ready-to-use units as a complete instructional program or select specific units to enhance their existing curriculum. Successfully used in public and private schools in suburban, inner city, and rural areas, the units are logically arranged to build on the motor skills acquired at each student's unique stage of development. Each unit contains a progression of learning experiences, and each learning experience, in turn, is broken down into tasks that help students perform movement skills or understand movement...
