## The Video Game Debate: Unravelling the Physical, Social, and Psychological Effects of Video Games (Paperback)

By -

Taylor Francis Ltd, United Kingdom, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book. Do video games cause violent, aggressive behavior? Can online games help us learn? When it comes to video games, these are often the types of questions raised by popular media, policy makers, scholars, and the general public. In this collection, international experts review the latest research findings in the field of digital game studies and weigh in on the actual physical, social, and psychological effects of video games. Taking a broad view of the industry from the moral panic of its early days up to recent controversies surrounding games like Grand Theft Auto, contributors explore the effects of games through a range of topics including health hazards/benefits, education, violence and aggression, addiction, cognitive performance, and gaming communities. Interdisciplinary and accessibly written, The Video Game Debate reveals that the arguments surrounding the game industry are far from black and white, and opens the door to richer conversation and debate amongst students, policy makers, and scholars alike.

### Reviews

*This kind of pdf is almost everything and made me seeking forward and much more. It is actually packed with wisdom and knowledge You will not really feel monotony at whenever you want of your own time (that's what catalogs are for about when you question me).*

-- **Martina Maggio**

*Simply no words to explain. It really is basic but shocks from the fifty percent of the ebook. I am just happy to explain how this is the finest pdf we have read within my personal life and could be he best ebook for possibly.*
