Thames & Hudson Ltd. Paperback. Book Condition: new. BRAND NEW, The Language of Ornament, James Trilling, An introduction to the art of decorative patterning, of equal value to craftworkers, collectors and students of art history. Trilling analyzes the historical importance of ornament across the world, whether in the monumental architecture of Mycenaean Greece or the inlaid vessels of Zhou Dynasty China, in the bronze mirrors of early Celtic Britain, or the carved and woven ornament of Native Americans. An impressive variety of ornament from the paleolithic age to the present day enables the reader to appreciate both its inherent form and beauty. Individual styles and patterns are traced through their evolution and interaction between cultures through trade, conquest and religious influences.
